Park Hill Grass Verge Parking

Dear John, here are 7 days of figures I have collected:

11.01.17 10 vehicles

12.01.17 6 vehicles

13.01.17 11 vehicles

14.01.17 4 vehicles

15.01.17 2 vehicles

16.01.17 14 vehicles

17.01.17 forgot to count!

18.01.17 9 vehicles.

On 16th, as well as the customary cars on the verge, there were three vans parked partly on the pavement on the left hand side, outside the house which is currently being renovated and th sweet van was there again after school, parked on the pavement outside no. 1. I am beginning to think that the street name should be changed to Car Park Hill.
