

Wheatley Neighbourhood Plan

John Fox, Chairman WNP Committee

We leafleted Wheatley and Holton in April (tell us if you were left out), presented ourselves to the Annual Parish Meeting (20.04), and welcomed over 100 to our first Open Day (07.05) who left us opinions, ideas and concerns which we are now analysing (10.05). Our first task is to hear current village feeling about our Infrastructure, Environment, Community Life and Business, and with Housing and Land Use as our core mandate, including options for the Brookes site after 2021. In September SODC will publish several proposed sites for new housing here. We will then turn the discussion to the pros and cons of developing each of those sites - and other possibilities. So far 25 'Street Reps' have volunteered to deliver and collect questionnaires from neighbours: many more needed and warmly welcomed !
