Subject: Wheatley and Holton Neighbourhood Plan

Holton Parish Council would like to thank all those involved in producing the Neighbourhood Plan – a remarkable feat of human endurance.

Our only comments on the final draft are as follows:

- 9.1 – second sentence states “The site currently falls within the Holton Parish boundary, but is considered to be primarily related to Wheatley given its proximity to the village.”

Two points arise from this.

1. The use of the word “currently” is unfortunate and should be deleted.
 2. There is no reason for the site to be considered to be primarily related to Wheatley as the site is in Holton and no nearer to Wheatley than to Holton.
- We can find no mention of connecting the site to Holton or the possibility of a footpath/cycle path link to the Church and Village Hall area of the village which we believe to be viable.

Sonja Barter

Clerk to Holton Parish Council
